REVIVING EFFECT

Moisturizing Lotion

OIL-FREE MOISTURIZER WITH CERAMIDE

Daily Moisturizing Lotion is a lightweight, oil-free moisturizer that helps hydrate the skin and restore its natural barrier. Formulated with 3 essential ceramides that work together to lock in skin's moisture and help restore your skin's protective barrier.

MVE technology encapsulates ceramides to ensure efficient delivery within the skin's barrier and slow release over time. Supporting your protective skin barrier, long after you've finish applying. Our daily moisturizer leaves the skin feeling comfortable and is gentle on the skin as it provides 24-hour hydration.

NON-GREASY FEEL

Moisturizing Cream

BARRIER-RESTORING MOISTURIZING CREAM FOR FACE AND BODY

A compromised skin barrier can lead to skin that looks dry, scaly, rough, or flaky. This is because, when your skin barrier is disrupted, it may be unable to keep essential moisture in (and harmful irritants out). Including a barrier-restoring cream with ingredients like hyaluronic acid and ceramides in your daily skincare routine can help restore the look and feel of smooth, supple, and healthy-looking skin.

Moisturizing Cream is a rich, non-greasy, fast-absorbing moisturizer for normal to dry skin on the face and body. Formulated with three essential ceramides, it works to lock in skin's moisture and help maintain your skin's protective barrier.
